

## The G.R.E.A.T. Culture @ Frontier

Frontier Primary School celebrates SG60 with a range of stimulating and engaging learning experiences that inspire curiosity and pride in Singapore's journey. From exploring Singapore's heritage to designing innovative solutions for tomorrow, every activity nurtures critical thinking, teamwork, and imagination.

The celebrations also highlight values of resilience, unity, and responsibility, reflecting the nation's spirit. Frontier's holistic approach ensures that Frontierers not only celebrate SG60 meaningfully but also grow as confident learners and responsible citizens ready to contribute to Singapore's next chapter.

Let's forge ahead to embrace Term 4 as we continue to **Make A Difference** and **Be The Difference!**

Frontier - A School with a G.R.E.A.T. Culture  
**G**raciousness, **R**igour, **E**nterprise, **A**ffirmation, **T**hinking

## Frontier Open House

Frontier Primary School warmly invited parents and prospective students to its Open House on Saturday, 28 June 2025. Visitors explored the school's vibrant learning spaces, discovered innovative programmes, and met passionate staff committed to nurturing every child. The event showcased Frontier's signature initiatives, including Maker Education, immersive learning experiences, and student-led projects. Families also enjoyed interactive activities and a guided tour, offering a glimpse into the school's caring and dynamic environment. The prospective students also experienced how the school inspires curiosity, builds character, and empowers learners for the future.

# G.R.E.A.T. Highlights - *Graciousness Together*

## Celebrate DANCEFRONT!

On Monday, 28 July 2025, the school hosted **Celebrate DANCEFRONT!** during the assembly. Our Frontierers showcased their performing arts talents on stage as part of the Learning For Life Programme's (LLP) Tier 2 Talent Development. The event aims to foster a love of the performing arts in our Frontierers. The audience demonstrated good etiquette while enjoying the performances. The performers demonstrated creativity and initiative as they refined their showmanship and engaged their audience.

Frontierers showcasing their diverse talents in performing arts and music

## Primary 5 National Education (NE) Show

Our Primary 5 Frontierers had the opportunity to attend the NE show on Saturday, 5 July 2025. It was a special preview of the SG60 celebrations, depicting our shared journey as a nation. Excitement filled the air when the remarkable Red Lions and marching contingents made their grand entrance. The vibrant fireworks dazzled the memorable night. This celebratory experience deepens our Frontierers' understanding on their role in "Building Our Singapore Together".

Our Frontierers soaking in the celebratory atmosphere

# G.R.E.A.T. Highlights - *Graciousness Together*

## Racial Harmony Day Commemoration

On Monday, 21 July 2025, our school celebrated Racial Harmony Day (RHD) under the inspiring theme “Our People, Our Tapestry”. This theme beautifully reflects how our diverse ethnic and religious communities interweave through mutual respect and understanding to create Singapore's vibrant and unique social fabric.

This year's celebration was enriched by a meaningful collaboration between the Character and Citizenship Education (CCE) and Mother Tongue (MT) departments. By aligning RHD with the Mother Tongue Fortnight, a two-week programme, our Frontierers immersed themselves in their cultural heritage through engaging activities such as language exploration, storytelling, captivating performances, and hands-on cultural experiences.

A highlight of the celebration was the heartfelt sharing by Frontierers during the RHD assembly. They reflected on school activities that brought them together, fostering a deeper appreciation for the diverse threads that form our shared national identity. These shared experiences underscored the strength and unity found in Singapore's multicultural society. As a school community, we wove a vibrant tapestry of unity, respect, and mutual understanding. Let us continue to champion racial harmony and social cohesion, strengthening our bonds as one Singapore.

## National Day Celebration

Our school came together on Thursday, 8 August 2025 for a vibrant celebration of Singapore's 60th birthday, honouring our nation's journey and spirit through meaningful activities. The day began with differentiated classroom activities tailored for our lower, middle, and upper primary Frontierers. Each level engaged in tasks that deepened their understanding of Singapore's food culture, landmarks, and shared values.

The mood turned ceremonial when everyone gathered in the hall for the National Day Observance Ceremony. With pride and precision, the marching contingent — comprising representatives from the school eLF council and uniformed groups — proudly carried the national and school flags. Frontierers stood tall as they sang the National Anthem and recited the pledge.

A highlight of the celebration was a lively teacher-led skit, our unique rendition of the Singapore Story, weaving together the past, present, and future in an inspiring and creative way. The skit's five segments — Feast Together, Reminisce Together, Uplift Together, Celebrate Together, and Play Together — embodied the spirit of "Building Our Singapore Together". From sharing meals and creating joyful memories to uplifting one another and celebrating achievements, these moments reflected the collective heart and soul of the school in honour of our nation's 60th birthday.

The celebration concluded with joy and unity as everyone joined in to sing this year's theme song, "Here We Are" and danced together in the "Dance of the Nation", led by our CCA student leaders and Modern Dance CCA members. It was truly a day of pride, reflection, and celebration, as we remembered how far we've come and looked ahead with hope to the future. Majulah Singapura!

## Lockdown Exercise

The school conducted a lockdown exercise in the afternoon on Monday, 4 August 2025 to prepare Frontierers and staff for emergency situations. During the exercise, the teachers guided our Frontierers to remain calm, silent, and out of sight while classrooms were being secured. The exercise reminded everyone the importance of safety, vigilance and cooperation in times of crisis. By simulating real-life scenarios, the school reinforced readiness and resilience, ensuring that everyone knows the correct steps and actions to take to stay safe and protect one another.

# G.R.E.A.T. Highlights - *Rigour in Action*

## Mother Tongue Language (MTL) Fortnight

Our Frontierers' learning experiences were enriched during MTL Fortnight in July. Based on the theme "Making MTL a Living Language", they engaged in activities such as live cultural performances and hands-on experiences to deepen their appreciation for their own languages and cultures.

A major highlight was the Cross-Cultural Appreciation Programme (CCAP). Our Frontierers enjoyed discovering the customs and traditions of their friends from different ethnic groups, fostering a vibrant spirit of cross-cultural awareness, respect, and new friendships.

Our Frontierers in action!

# G.R.E.A.T. Highlights - *Rigour in Action*

## NITRA Malay Literature Programme

Frontier Primary School proudly took part in NITRA 2025 (*Nilai dalam Sastera – “Values in Literature”*) held on Saturday, 26 July 2025 at The Pod, National Library.

Now in its fifth year, NITRA brings together students from the primary and secondary schools, and junior colleges to celebrate the richness of traditional Malay literature. This unique programme provides a safe and inclusive platform for young people to showcase their creativity while deepening their appreciation of Malay heritage and values.

Our Primary 3 Higher Malay Language Frontiers captivated the audience with a skit based on the beloved folklore Pak Kaduk. We are immensely proud of their confident stage presence, heartfelt storytelling, and passion in bringing this timeless tale to life — along with the meaningful lessons it carries.

# G.R.E.A.T. Highlights - *Rigour in Action*

## Primary 4 Museum-Based Learning Journey

The Primary 4 Art Museum-Based Learning (MBL) Journey to the National Gallery Singapore gave our Frontierers a meaningful opportunity to experience art beyond the classroom. They explored Singapore's rich artistic heritage and gained insights into local artists and their works. Through interactive discussions and guided activities, our Frontierers developed an appreciation for different art forms while learning to observe, interpret and reflect on artworks critically.

The learning journey encouraged our Frontierers to demonstrate the school's G.R.E.A.T. culture by showing graciousness in shared spaces, practising rigour in their observations, offering affirmation of diverse perspectives and applying thinking skills to connect artworks with their own creative practices. This enriching experience inspired curiosity, creativity and deeper engagement with the arts.

## Primary 5 E2K Learning Journey

On Thursday, 7 August 2025, our Primary 5 Frontierers in the E2K Science programme embarked on an exciting learning journey to the NUS Science Demo Lab and the Nanomaterials Research Lab, where curiosity met hands-on discovery. Through immersive activities in building and experimentation, they deepened their understanding of scientific principles — especially Newton's Third Law, which came to life through practical demonstrations.

One of the highlights was their visit to the Scanning Electron Microscope room, where awe and fascination took over. For the first time, they observed materials at the nano-particulate level, unlocking a microscopic world invisible to the naked eye. This experience sparked wonder and inspired deeper inquiry into the marvels of modern science. We hope our young Frontierers will be inspired and grow to become great innovators of tomorrow!

# G.R.E.A.T. Highlights - *Rigour in Action*

## Class eLF Functional Training

**Every Frontierer is a Leader!** Frontier Primary School's student leadership programme, Exemplary Leaders @ Frontier (eLF), is premised on the belief that "Every Student is a Leader" and is designed to achieve the school's vision of "Passionate Leaders".

Through our Class eLF roles, our Frontierers are empowered to lead themselves and their peers, nurturing responsibility and confidence in their daily school life. During our Class eLF Investiture and Functional Training (Semester 2), our Frontierers learnt how to be proactive in their leadership responsibilities and received hands-on training for their specific roles, guided by our dedicated teachers. We look forward to seeing our Frontierers shine as leaders in their classes and beyond!

# G.R.E.A.T. Highlights - *Rigour in Action*

## 60 Years of Science in Singapore Celebration

The Frontier Primary Eco Wonders team joined the nation in honouring 60 years of scientific achievements in Singapore. Across all levels, our Frontiers explored the inspiring stories of local scientists whose work has shaped our nation and impacted the world, while developing their critical and inventive thinking skills for the future.

Our middle primary Frontiers explored “Singapore’s Environmental Heroes” by learning about famous scientists who work with nature and the environment through an interactive board game. They applied their creativity and problem-solving skills to design inventions that could support these scientists in their important work, demonstrating both critical thinking and adaptability in turning ideas into practical solutions.

Our Primary 5 Frontiers took on the “Singapore’s STEM Achievements” by applying E21CC critical and inventive thinking in creating a tower using limited resources. This hands-on challenge reflected their resourcefulness, creativity, and ability to innovate under constraints — skills essential for solving real-world problems.

Our Frontiers celebrated Singapore’s scientific journey while getting inspired to become critical thinkers, adaptive learners and nation builders.

# G.R.E.A.T. Highlights - *Enterprise Spirit*

## Maker Education Workshops

Our bright-eyed Primary 3 to 5 Frontierers recently dived into an exciting world where creativity meets coding during the BERNINA Education workshops held on Friday, 23 and Monday, 26 May 2025! Through hands-on sessions using the BERNINA embroidery machines and block-based coding via Turtlestitch, our young makers brought their digital designs to life — stitch by stitch. From coding embroidery patterns to collaborating on problem-solving tasks, they explored the fascinating blend of art, technology and invention.

These experiences go beyond just making — they are part of nurturing critical thinking, collaboration, and a growth mindset under the E21CC framework. It is all about building confidence, creativity, and future-ready skills in our learners. We are so proud of their enthusiasm and innovation — who knew coding could look this **colourful**?

Frontierers learning how to code and bringing their digital designs to life

# G.R.E.A.T. Highlights - *Enterprise Spirit*

## Maker Education Workshops

As part of broadening Maker Education experiences, two groups of Frontierers visited Commonwealth Secondary School on Tuesday, 27 May and Friday, 11 July 2025 for digital workshops in 3D printing and filming respectively.

During the two workshops, our Frontierers eagerly embraced the challenge of step-by-step digital design and coding as well as stepping into roles such as cameraman, director, and live host, developing future-ready skills in design and media production respectively. This immersive hands-on experience not only sharpened their E21CC inventive and critical thinking, collaboration and communication skills but also sparked meaningful friendships with peers from CWSS. Together, we continue to empower our Frontierers to become passionate leaders, ready to thrive in an ever-evolving digital world.

## Student Awards

### Abbott Young Scientist Programme

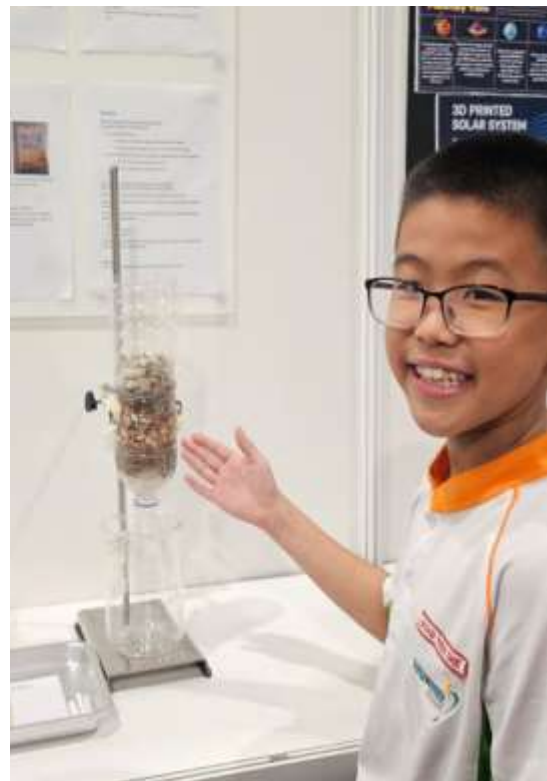

The Abbott Young Scientist Programme, a partnership between the Singapore Science Centre and Abbott Laboratories, aims to increase students' interest and knowledge in the areas of Science, Technology, Engineering and Mathematics (STEM) through mentoring. Students will be able to develop key skills in the communication of science concepts and build character values through this programme.

Wong Wen Zhe from 5 Resilience 5 and Joash Sim En Kai from 5 Resilience 6 successfully completed the programme and showcased their projects on Saturday, 2 August 2025 at the Science Centre Singapore. Their presentations were well received by the judges and members of the public.

Our Frontierer, Joash Sim, coded a medical app that helps the elderly keep track of time to take their medicine.

Our Frontierer, Wong Wen Zhe, constructed a water DIY water filter and tested its ability to neutralise acid rain.

## Student Awards

### National School Games (2025)

The National School Games (NSG) is the largest annual inter-school competition in Singapore, organised by the Singapore Primary Schools Sports Council (SPSSC) and the Singapore Schools Sports Council (SSSC). The NSG offers more than 400 championship titles for more than 55 000 student athletes across all schools in Singapore.

The 2025 NSG Basketball Competition was held in Term 3. Our Junior Boys had done well and was placed 1st in our group (Pool round) and was promoted to Tier 1.

Our proud Frontierers with their coach

This year, 11 of our P4 Badminton players represented the school in the Junior Division. For the Junior Division Girls, Tier 4 Singles, Gao Lingxi from 3 Responsibility 5 achieved the first place. For Tier 4 Doubles, Gan Yue Ern from 4 Integrity 4 and Foo Huiwen, Seraphina from 4 Integrity 1 demonstrated great teamwork and achieved the first place.

## Student Awards

### Choir CCA - Singapore International Choral Festival 2025

The 9<sup>th</sup> Singapore International Choral Festival (SICF) 2025, held on Thursday, 24 July 2025, is a choral singing competition that saw the participation of choirs from various countries such as Singapore, Indonesia, China and the Philippines. We are proud to share that our school choir achieved a Silver Award, in Category A1 - Equal Voices, 12 years and below.

# G.R.E.A.T. Highlights - *Thinking Beyond Self*

## Scouts in Arts @ Jurong Lake Gardens

On Monday, 14 July 2025, our Cub Scouts teamed up with NParks for an enriching learning journey at Jurong Lake Gardens. They rolled up their sleeves to learn and try gardening tips to apply at home and share with their community. They also stepped up as young tour guides and eagerly shared their knowledge about edible plants with the public at Jurong Lake Gardens on Monday, 25 August 2025 during Hortfest 2025, celebrating horticultural excellence and the local community, in conjunction with 20 years of Community in Bloom.

Our Cub Scouts deepening their knowledge and sharpening their craft in horticulture

## Plastic Upcycling with The Good Earth School

Our school has partnered The Good Earth School in 2025 to explore sustainable ways of managing and reusing plastic waste. In Semester 1, the Environmental Science CCA led efforts to raise awareness about plastic recycling among Primary 4 members. The members worked collaboratively to rally their schoolmates to collect plastic bottles and caps during recess. These collected materials were then upcycled into carabiners using repurposing techniques taught by The Good Earth School. As a meaningful gesture, our Environmental Science CCA members presented the handmade carabiners to the doctors and nurses of Tan Tock Seng Hospital on Earth Day, in appreciation of their service to the community and the planet.

**Our Frontierer presenting her handmade carabiner to a staff, thanking him for his dedication to patient care**

The Environmental Science CCA members took the lead in guiding Semester 2 CCE leaders to make a meaningful contribution to the school community. In conjunction with Gratitude Day 2 in Semester 2, the CCE leaders were involved in creating carabiners as tokens of appreciation for our staff, building a culture of gratitude and collaboration among Frontierers.
