

Frontier Express

Term 3 2020

In Term 3, MK@Frontier provided children with a safe and conducive learning environment by introducing and helping children to adjust to the Safe Management Measures. Apart from frequent sanitization of toys and furniture by the teachers, children were engaged in daily hand-washing, temperature taking, and practised social distancing. The fight against COVID-19 is a collective effort, we thank and appeal to the understanding and cooperation of the parents to continue in partnering the school for the well-being of children!

"At MOE Kindergarten, our vision is to provide a strong start for every child. Our mission is to nurture children holistically into confident learners with strong social skills, and a good foundation in literacy and numeracy."

Thank you for joining us on this journey!
